The Black Role In The Bible

Synopsis

This Ebook mentions many great Biblical characters whose Black identities are not generally known. It also touches on the important roles Blacks have played in the Bible. Those who have a copy of 'Retake Your Fame: Black Contribution to World Civilization, Volume 1' by the same author need not buy this ebook.

Customer Reviews

I like that someone other than myself believes that way back in biblical days Mary and Jesus were black and Europeans erased the black version and painted him black because they thought they were superior. Good reading and references. I will be following up with the references.

I really like this book because it confirms what a lot of us knew that the people in the Bible were black people being that's the region of the world that blacks lived and developed. I reserved one star because of the title of the book.

This book is very informative and thought provoking. I loved sharing this valuable history with my

children. It was educational and inspiring.

The author should have listed references. Anybody can publish a book but if you're going to state facts, give me references and relevant information. I appreciate the author's attempt of trying to inform and enlighten me as a reader.

Don't believe the hype of this book! Let the blood reign and let the DNA tell the story. The truth is, "According to a 2003 study, about 52% of Ashkenazi men with a tradition of Levite descent belong to the R1a haplogroup. That haplogroup is relatively rare among Ashkenazim without a tradition of Levite descent and still more uncommon among Sephardim (both Levites and non-Levites). Men belonging to this R1a cluster of Ashkenazi men have become known as R1a1a Ashkenazi Levites or, more recently, as R1a-CTS6 (CTS6 is a single-nucleotide polymorphism ("SNP") that is currently believed to be shared by all R1a1a Ashkenazi Levites.)

(sitesdotgoogledotcom/site/levitedna/home)". "The sons of Aaron were Eleazar, Ithamar, and Nadab and Abihu. A descendant of Aaron is an Aaronite, or Kohen, meaning Priest. Any non-Aaronic Leviteâ "i.e., descended from Levi but not from Aaronâ "assisted the Levitical priests of the family of Aaron in the care of the tabernacle; later of the temple (endotwikipediadotorg/wiki/Aaron)". This talk about dark and light skin is all BS to twist the truth. "7,000-Year-Old Human Bones Suggest New Date for Light-Skin Gene"

(livesciencedotcom/42838-european-hunter-gatherer-genome-sequenceddoth-t-m-l).

This book is a compilation of very interesting facts about the Black Hebrews. Short and to the point. Enjoyable to read.

A lot of information that I did not know before. Interested in learning much more. Would definitely recommend it to those interested in bible history.

I enjoyed reading this book and learning the history of blacks that will probably will not be put out there to the public to know the truth.
