La Gran Apuesta / The Big Short: Inside The Doomsday Machine (Spanish Edition)

Synopsis

La excepcional cr nica del crac inmobiliario que origin  la mayor crisis de los  ltimos 80 a os. La gran apuesta es la excepcional cr nica del crac inmobiliario que origin  la mayor crisis de los  ltimos ochenta a os. Cuando en oto o de 2008 la econom a estadounidense se hundi , arrastrando tras de s  a buena parte del mundo desarrollado a una crisis de la que a n no hemos salido, a un grupo de personas no le sorprendi  en absoluto. Eran unos cuantos inversores y analistas inteligentes que hab an comprendido lo que estaba pasando, pero no dijeron nada, paralizados por el miedo y las posibles ganancias. La pregunta clave que plantea Michael Lewis es:   qui n se dio cuenta del riesgo que supon a dar por sentado que los precios del sector inmobiliario seguir an siempre al alza? Un riesgo complicado, adem s, por la creaci n de esos activos extra os y artificiales a partir de hipotecas dudosas. Para contestar esta pregunta, Lewis nos presenta una historia incre ble a trav s de los personajes que la protagonizaron, plena de indignaci n y oscura iron a.

ENGLISH DESCRIPTION From the author of *The Blind Side* and *Moneyball*, *The Big Short* tells the story of four outsiders in the world of high-finance who predict the credit and housing bubble collapse before anyone else. The film adaptation by Adam McKay (*Anchorman I and II*, *The Other Guys*) features Academy Award  winners Christian Bale, Brad Pitt, Melissa Leo and Marisa Tomei; Academy Award  nominees Steve Carell and Ryan Gosling. When the crash of the U.S. stock market became public knowledge in the fall of 2008, it was already old news. The real crash, the silent crash, had taken place over the previous year, in bizarre feeder markets where the sun doesn t shine and the SEC doesn t dare, or bother, to tread. Who understood the risk inherent in the assumption of ever-rising real estate prices, a risk compounded daily by the creation of those arcane, artificial securities loosely based on piles of doubtful mortgages? In this fitting sequel to *Liar s Poker*, Michael Lewis answers that question in a narrative brimming with indignation and dark humor.

Customer Reviews

Great Book for all those who try to understand financial plots. Gran libro, muy acucioso en describir la crisis supprime del 2008. Necesario para enten der Wall stret y sus movimientos. Gran escritor, llevado al cine con Ãxito en the Big Short y Moneyball las dos magnificas.

Is a good explanation about the crisis, and a good lesson to understand the financial markets.

Wonderful book with lots of details about economics and the history of the crack
