How To Speak Emoji

Synopsis

For anyone who doesn't know which is the "cold-sweat" emoji or which emoji to use the morning after a blind drunk, this book is for you. If you don't know which emoji to use when you want to say "no" as emphatically as possible, this book is for you. This is the first book that will teach you HOW TO SPEAK EMOJI. Text the pizza emoji with a question mark, and you've got dinner sorted out. Don't know what to use when you're running late, or when you want to organize a fun night out? How to Speak Emoji will help you win at texting. Featuring everyday greetings, pickup lines, workplace expressions, and tried-and-true insults, this book is perfect for the novice user or those looking to test their knowledge. With a collection of useful and hilarious phrases and a handy dictionary to demonstrate what the emojis really mean, you'll never feel out of your depth again - or make the embarrassing mistake of putting an eggplant symbol next to a peach. Includes sections such as everyday greetings, in the workplace, in relationships and asking for help and directions, as well as how to translate song titles and film quotes, this is your complete guide to the bright new world of the emoji.

Customer Reviews

The first thing you need to know about Fred Benenson is that he is also the author of *Emoji Dick*. The first emoji-only book in the Library of Congress, *Emoji Dick* retells Herman Melville's classic *Moby Dick* in emojis. If that sounds like fun to you, you will enjoy Benenson's *How to Speak Emoji*. Personally, I'm not all that entertained by the use of emojis. I'm sure that's because I am a

middle-aged fuddy-duddy. A quick peek at my teenage sons' text messages would tell me that it's probably a generational thing. They love them. However, they don't use them as creatively and articulately as Benenson does. The book is chock full of common phrases and sayings that one can use immediately. It will also serve as inspiration for emoji-lovers to expand their repertoire. Benenson's emoji phrases are certainly clever. For most of them, I was happy that he had a translation handy. I guess that's part of the fun; send these emojis to your friends, and see if they can figure out exactly what you're trying to say. Thanks to NetGalley and the publisher for the complimentary electronic review copy!

How to Speak Emoji by Fred Benenson is as neat as they come. I can definitely see this book being a hit with readers like me who only know basic emojis. After reading this book, I no longer have to forward texts to my son for translation.**Advanced copy graciously provided by NetGalley and Andrews McNeel Publishing for an honest review**

Using this as a guide, I have found that I can come up with some really hilarious observations and comments!!

The book came in excellent condition! Was perfect for my co-worker's birthday.

Fascinating
