Atlas De Acupuntura (Spanish Edition)

Synopsis

Las discrepancias que presentan los diagramas de acupuntura ofrecidos por las diferentes escuelas han sido siempre motivo de sorpresa para terapeutas y estudiantes. Los manuales de Pekin, Shanghai y Hong Kong difieren ligeramente en la ubicacion de algunos puntos y se ha encontrado diversidad de opiniones, incluso en diagramas y textos que proceden de un mismo origen. En un intento por esclarecer esta situacion, el autor ha creado la que puede ser una obra definitiva, basada en el estudio concienzudo de la mayoria de los diagramas conocidos y en la comprobacion de cada uno de los puntos durante mas de veinte anos de practica. / Discrepancies on acupuncture have always been a surprise to therapists and students. The manuals of Beijing, Shanghai and Hong Kong differ slightly in the location of some points and have found a diversity of opinions. In an attempt to clarify it, the author has created this work based on the study of most known diagrams and points for over twenty years of practice.
