## Customer Reviews

This one is the kind of what I call tremendously enjoyable AND useful books. You will never let it dye under the dust, because you'll allways check it: to enjoy it again and again, AND to take beautiful ideas from it.If you enjoy a lot that sense of freedom that going to the country gives to you, but on the other hand you feel like an alien inside a "only scenographic country house", this book will make you feel there's choice for you who identifies the global, deep yet touching concept (not the stereotype) of country.
