It is for me a riveting period of our history.

Good history book

I needed this book to write my senior research paper for college. It has a great selection from Nat Turner's confession to other related articles and documents concerning the rebellion.

This is a terrific book. The introduction is particularly insightful. This is a good book for anybody interested in the history of slavery and slave rebellions.

I love history, so naturally this book sounded interesting to me. I learned a lot from it. It was a very informative, well written book about one of America's strongest Slaves. I admire his ability to stand

behind his beliefs, and this book interprets his life with grace and integrity. I recommend this book to anyone who likes reading dense books packed with history.
